EXPERIENCE

Opening Trainer / Venue Trainer, Attractions Attendant | Universal Orlando Resort, Epic Universe | Feb 2025 - Present

- Designed and rolled out the training programs at Constellation Carousel and Curse of the Werewolf; the materials I built are what the venues teach with, including the radio-codes curriculum and product aids developed with Guest Services and the Express team.
- Coached new Team Members from day 1 to sign-off through multi-day OJT, refreshers, and evacuation drills, adjusting schedules around a running venue; also train supervisors in venue procedures.
- Documented highlights: a ride track evacuation executed to SOP while coaching a new Team Member, and a 47-dispatch shift that helped the team pass 5,000 riders.

Attractions Commissioning Team Member | Universal Orlando Resort, Epic Universe | Aug 2024 - Jan 2025

- Worked the pre-opening program for Stardust Racers and Monsters Unchained: readiness checklists, milestone tracking, and acceptance testing against a fixed opening date.
- Partnered with engineering, technical, and operations teams so attraction readiness, training, and staffing arrived together; issues documented and followed through to verified fixes.

Content Creator and Channel Owner | AtrayGaming (YouTube) | Aug 2014 - Present

- Run a solo gaming channel end to end since 2014: topics, production, editing, and thumbnails on a fixed cadence; analytics reviewed each cycle to set topics, packaging, and the next run.
