EXPERIENCE

Opening Trainer / Venue Trainer, Attractions Attendant | Universal Orlando Resort, Epic Universe, Orlando, FL | 2025 - Present

- Run structured on-the-job programs at Constellation Carousel and Curse of the Werewolf: 28+ documented full days, about 240 hours, since becoming a venue trainer in 2025 (excludes quick sign-offs and ad hoc days).
- Build the tools the venues teach with: an original radio-codes curriculum (quick-match activity and flashcards) and hands-on product aids sourced with partner departments: a laminated stroller pass (Guest Services) and voided Attraction Assistance Pass samples, regular and gold (Express team). Most trainers deliver the program they are given; these assets did not exist until I made them.
- Brought 17+ Team Members through multi-day programs from day 1 to the final sign-off day (operations, guest service, emergency procedures); facilitate classroom (CBO) blocks and refresher sessions.
- Documented record: 15 positive lead observations in the past year, including a ride track evacuation executed to SOP while coaching a new Team Member and a 47-dispatch shift that helped the team pass 5,000 riders; two positive guest comments, each awarded 500 Applause! points.
- Coach Team Members, team leaders, and supervisors; serve on a Development Committee; coordinate with operations, engineering, and technical teams.
